Art Unit: 1614

CLAIMS 1-11 AND 13-18 ARE PRESENTED FOR EXAMINATION

Applicants' Amendment filed July 7, 2004 has been received and entered into the application. Accordingly, claims 1, 3-11, 13 and 15-17 have been amended and claims 19 and 20 have been canceled.

In view of the above amendments, all objections and rejections set forth in the previous Office action dated April 7, 2004 at pages 2-9 are withdrawn.

Rejection Necessitated by Amendment

Claim Rejection - 35 USC § 112, First Paragraph

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1-11 and 13-18 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claims contain subject matter that was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventors, at the time the application was filed, had possession of the claimed invention.

An applicant shows possession of the claimed invention by describing the claimed invention with all of its limitations using such descriptive means as words, structures, figures, diagrams and formula that fully set forth the claimed invention. *Lockwood v. American Airlines, Inc.*, 41 USPQ2d 1961, 1966 (Fed. Cir. 1997).

Here, in the specification as originally filed, applicants have not shown possession of the

concepts of the claimed ketoprofen mixture being “caffeine-free” or “non-encapsulated”. The Examiner has carefully reviewed the specification at pages 1-6, but cannot find any teaching or intimation of the above concepts.

Accordingly, the claims are deemed properly rejected and none are allowed.

Applicants’ amendment necessitated the new ground of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicants are reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
